#### **GENERAL MEETING**

# Scottsdale Parent Council

January 12, 2022

As we gather for this meeting, let us take a moment to reflect on the meaning of place and in doing so, recognize the various traditional lands on which we do our business today.

We wish to acknowledge this land on which this SPC meeting is taking place. For thousands of years, it has been the traditional land of the Hohokam, the Akimel O'odham, and most recently, the Salt River Pima Indian Community. Today, this meeting place is still the home to many Indigenous people from across Maricopa, and we are grateful to have the opportunity to live and work on this land.

#### Recommendations

- Establish a template for the budget report to be used in all years going forward.
- In each monthly budget report, include a list of all year-to-date transactions, clearly identifying which transactions are for the current month. Include the current bank balance.
- Establish consistent language for revenue and expense categories to be used in all years going forward and include additional line items in the budget in order to show more granularity.
- Provide complete details of each transaction, enabling users to easily tie it back to the bank statement transaction as well as the budget line category. For transactions that include money from multiple sources, such as a paypal deposit of donations, include details of each source.

# **Upcoming Legislation**

Constitutional spending cap: The Legislature must override the aggregate expenditure limit, which is set low and based on 1980 numbers. If it fails to make this fix, districts could be forced to not spend \$1.2 billion for the last 3 months of **this** school year
